

Dear Students

CBCS (Choice Based Credit System) is here. What does it mean? If your core area of study is Science you can still learn History. While studying Political Science you can pick up aspects of Mass Media. Choice is yours. Doesn't matter if such a combination is not offered by your institution. Log on to **SWAYAM**. You will have 24-hour access to **MOOCs** (Massive Open Online Courses) to choose from. New courses will be available as per dates mentioned below. **Register now** for any one or more of them. Get started on a new way of learning! And earn credits for your degree.
