

Department of Economics

The faculty members along with the students of the department form a very cohesive team.

Performance and Achievements of Students

Our students are extremely committed, intelligent and dynamic which is revealed in their academic commitments along with their participation in extracurricular activities both intra- and inter-collegiate. Several papers were presented by the students of the Department which were highly applauded by eminent economists.

Placements of Batch 2015-2018

The batch of 2015-2018 was successfully admitted in national institutes like Indian Institutes of Management, IGIDR, Indian Statistical Institutes and different universities. They also have got lucrative placements in reputed companies.

Degree Awarded

Dr. Pia Ghoshal

Ph.D (Economics) awarded in 2017 by the University of Burdwan.

Annual Events at the National Level

The Department of Economics, St Xavier's College (Autonomous), Kolkata organized the thirteenth edition of its Annual Economics Summit-Confluence on the 5th of October, 2018. The theme for Confluence XIII, a National level Economics Summit, was 'Indian Economy: Which Way Now?' Confluence XIII was graced by Prof. Rajat Acharyya, Professor of Economics, Jadavpur University, who was the Chief Guest for the occasion. Father Principal, Rev. Dr. Dominic Savio S.J. and Prof. Rajat Acharyya inaugurated Confluence XIII and shared their insights regarding the theme of the event. The 18th edition of the

departmental magazine, 'Eco Echoes' was also launched during the programme.

The Panel Discussion witnessed the stalwarts of the economic circle of India exchanging their views on the topic "Indian Economy: Which Way Now?" Moderated by Rev. Dr. Felix Raj S.J., this discussion saw the participation of Prof. Ajitava Raychaudhuri (Jadavpur University), Prof. Mrityonjoy Mohanty (IIM-C), Dr. Rohit (JNU) and Dr. Subhanil Chowdhury (IDSK, Kolkata) which immensely benefitted the audience during the session. One of the most intellectually stimulating events of the summit was 'Exposition-Paper Presentation' where students made use of their analytical skills and theoretical knowledge to delve deep into the issues of contemporary relevance.

Other events included two flagship events- 'Domino Effect' and 'Conundrum' and a couple of online events like "Writer's Blog" and "Treasure Trove". All these events were extremely challenging and saw participation from students in huge numbers. The summit also comprised of debate and quiz which sought to strengthen the spirit of inquiry and reason within the participants. There was a session on mock stock trading which was equally engaging. A technical session chaired by Prof. Malabika Roy (Jadavpur University) where faculty members and Ph. D scholars had a platform for presenting their research work was introduced for the first time in Confluence XIII. Confluence XIII saw the participation of colleges from across the country.
